

CORA LYNN

Australia's leading Pooginook daughter stud

Registered Flock Number 1289

Family owned 108 years

- Breeding uncomplicated merinos
- Using the best P/GK genetics available for over 30 years
- Wether trail analysis conducted by State Departments of Agriculture
- Australia wide show Cora Lynn Bloodline to be in the top bracket for \$/ha – above average wool cuts, below average micron, average body weight, above average wool style & yield, above average tensile strength
- Cora Lynn Blood stock return more than \$10 per head wool value than average flocks – In 2000 sheep that amounts to \$20,000 in your pocket!
- Exceptional results when Cora Lynn Blood crossed over Collinsville/ Charinga Blood – A new and exciting development – Early maturity retaining Cora Lynn/Pooginook wool type.
